# Raising Readers Update

## Library Promotion a Success

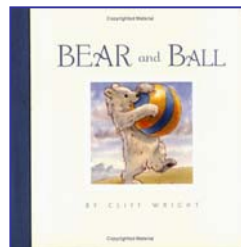

To date, nearly 40 libraries have committed to participating in our library initiative. The new five-year book contains a letter encouraging families to take their Raising Readers graduate to the library for their very own library card. They can't wait to see some kids!

## 1 Well Child Visit

## New 4-month Book

Say goodbye to *Baby Pets* and watch for *Bear and Ball*, the new 4-month book. It started shipping to sites in late July.

## QI Survey Reminder

Your opinion really counts! The 2005 Quality Improvement Survey was recently mailed to all sites. The survey helps us fine tune the program and it's not a lot to ask in return for the beautiful books you receive to give to your patients.

Note: It's really important that the medical contact (physician, PA or NP), *not* the side coordinator, complete the medical contact survey. Besides, you'll be busy filling out your site coordinator survey.

Did we mention we'll enter your site in a drawing for a set of eight children's books? Don't worry birth centers. We'll be sending you a survey as well and you'll also get a chance to win some wonderful books.

## 1 Book

## Reading Together
