

Celebrating 10 years and 1.3 Million Books

Site Update

Volume 10, Issue 8 August 2010

Fall Tune-up

As summer slips away and the start of school signals the beginning of fall, let's take time for a tune-up of our Raising Readers programs.

This preventive maintenance check list will help your program run smoothly:

- Newborn totes are given at **each birth**.
- Books are given **only at well child visits**.
- Numbers of totes or books given **are tracked accurately**.
- Reports and orders are submitted in a timely fashion**.
- Order problems are reported** to Raising Readers.
- Call 1-800-397-3263** for help.

Tune-up Tip

Eliminate some of the paper on your desk or in your recycling basket by enrolling in **online reporting and ordering**. You can also sign up to receive the monthly Site Update and Book List & Log **via email**. Save paper and time—call us today to get wired with Raising Readers.

While you're online, friend us on **Facebook** or check out our blog at <http://raisingreadersme.blogspot.com/>

September is Library Card Sign-Up Month

What's another place to get great books besides Raising Readers? The local library!

Encourage families to go to their local library and discover even more wonderful books.

RR Books Come to Life at Children's Museums

The program's **10th Anniversary Celebration** continues with special events at the Maine Discovery Museum in Bangor and the Children's Museum & Theater of Maine in Portland. Families can join picture book creators Amy MacDonald, Scott Nash and Lynn Plourde for read alouds, book signings and fun book-related activities as the stories in **Books from Maine: A Raising Readers Collection** come to life. A poster with additional information is included with this newsletter.
